**Lincolnshire Stuffed Chine.** Once the traditional Lincolnshire harvest fare; a special treat. The cured chine, or back, of a pig is stuffed with layers of chopped parsley and cooked slowly. Eaten cold, traditionally sprinkled with vinegar and some crusty farmhouse white bread and butter. A Real County Speciality, unique and delicious.

**Lincolnshire Sausages** have become well known and loved outside the County but you can't get more Lincolnshire than ours! We make them to an old family recipe.

**Pork, Pear and Stilton Sausages.** A really tasty combination of flavours, a true luxury sausage.

**Beef and Guinness Sausages.** The two just seem made for each other! Probably our most popular speciality sausage.

**Merguez Sausages** have their spicy origins in North Africa and are very popular in France. Flavoured with Harissa, a hot red chilli flavouring. We make our version of Merguez using beef and pork in equal quantities.
